ASECAP MARKETING&COMMUNICATION WEBINAR - 23RD OF MARCH 2022

Grigoris Chasanis
E/M and Tolling Systems Manager
23/03/2022

One project, many heroes!

Setting new standards

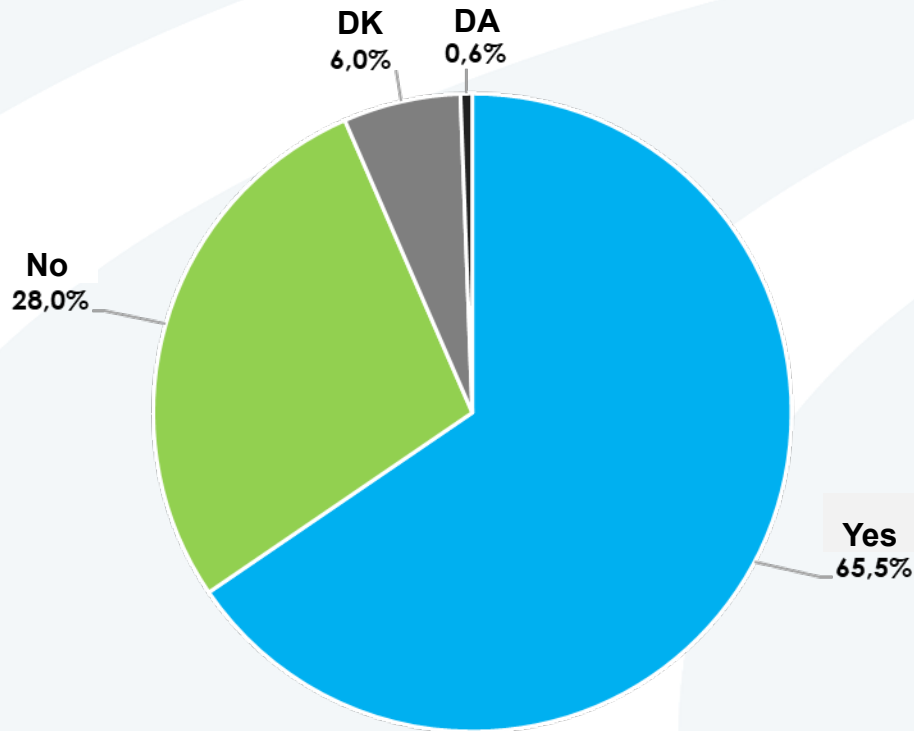

What does our client need?

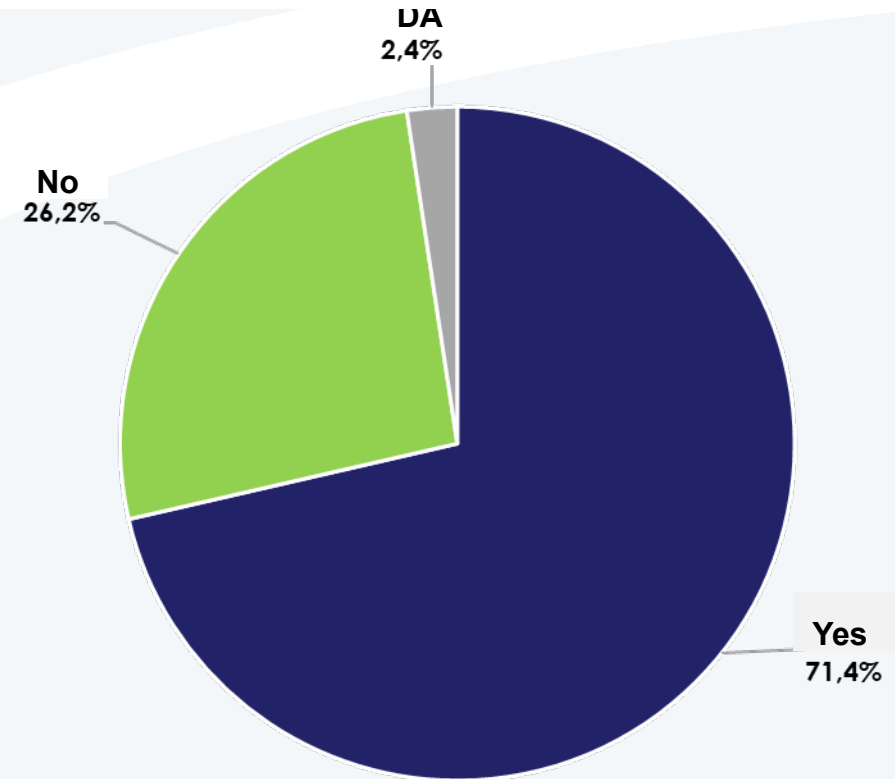

OLYMPIA PASS and digital transformation

If a mobile app was available where you could monitor your transponder, will you use it or not?

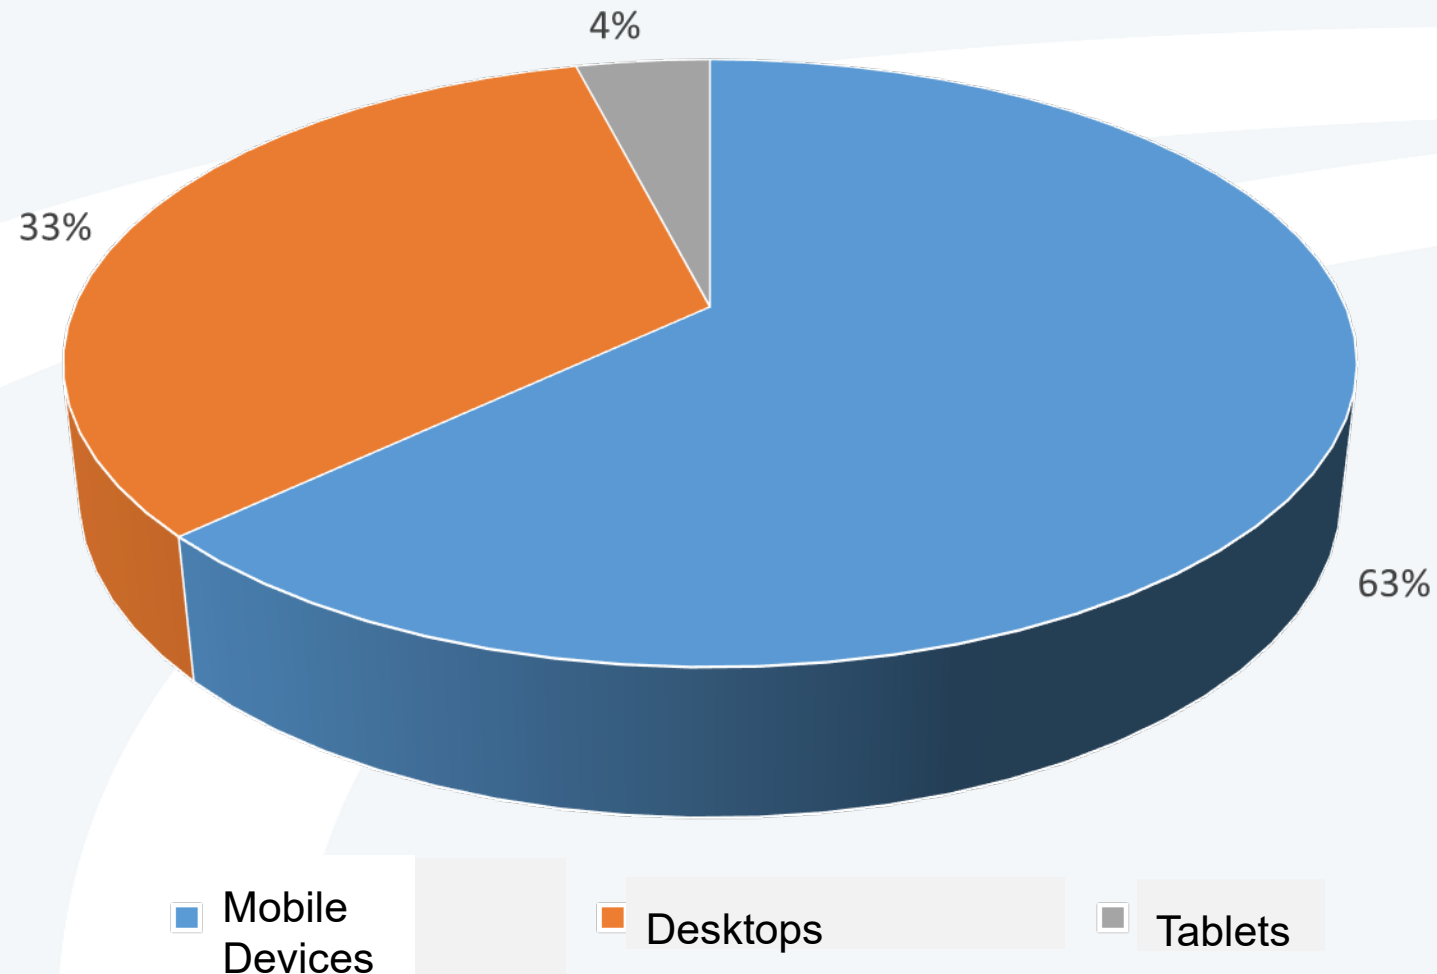

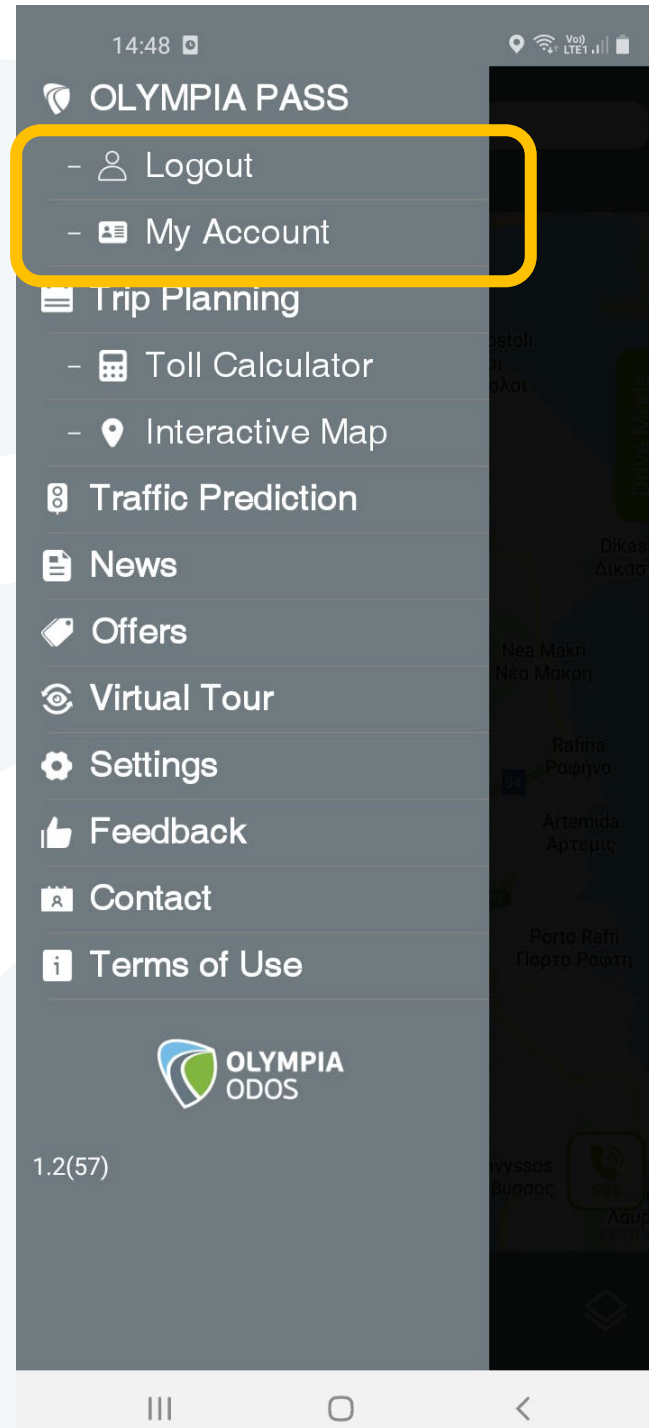

Would you like this application to provide other information but the Olympia-PASS?

Emergency Call (1025)
localization assistance

By entering your mobile number you register to the service, allowing transmission of your mobile phone number and location information to Olympia Odos during calls to the Emergency Number (1025), provided location services and active mobile data connection are available. This service does not substitute telephone communication with 1025.
